EXPERIENCE

Ocean Computer & Academic Classes: Intern

June 2024 - July 2024

- I teach coding to over 40 students, helping them become familiar with the latest technologies.
- I propose simple and understandable solutions to ensure that no one feels intimidated by current technology.

YouTube & Social Media:

January 2020 – April 2021

- Work with SOCIONOMICS YouTube Channel and help them gaining 1k subscribers in 16 Days
- Managed my own YouTube channel (ViroTek) with 1 Lakhs+ viewership.

PROJECTS

RazorPay

- Developed a clone of the RazorPay website using Tailwind CSS, demonstrating proficiency in modern web development frameworks.
- Enhanced UI/UX design skills and attention to detail through this project.

NetSet Grocery

- Created a project named NetSet, a grocery website, showcasing expertise in web development and e-commerce solutions.
- Enhanced user experience with intuitive design and seamless functionality.
